

Puzzle piece handles should not have a circumference bigger than 90mm

If final screen is 21.5" 16:9 LED Backlight Monitor, dimensions are: 512 x 168 x 386 mm (W x D x H)

So hole for screen would be 500x380mm. Then a frame along the sides.

Max. force required to push down on the pedal and adjust the height is 200N.
